

Due to its recent behavior in refusing to air a television news program which listed the names of our war dead, and its ongoing plan to show a biased attack documentary on a political candidate (a "documentary" of questionable provenance and honesty), Sinclair Broadcasting is clearly attempting to affect this year's presidential election via the public airwaves. This seems to be in direct violation of the license granted to this corporation which stipulates that it use public airwaves to serve the public, rather than its own narrow political interest. Therefore, I request that the FCC investigate this issue and, at the very least, prevent Sinclair from broadcasting this political attack piece before the November 2 election. Sincerely,
Reeves Hamilton
